Detailed information can be found in our brochure "Tank and Equipment Cleaning" as well as at www.lechler.com/de-en/tankcleaningnozzles.

The maximum tank diameter applies to the recommended operating pressure and is meant as a recommendation only. The cleaning result is also affected by the type of soiling.

## Information on operation

- The PopUp Whirly is not suitable for operation with compressed air or any other gas.
- Operation above the recommended operating pressure has a negative impact on the cleaning result and wear.
